

Mission Statement:

"As we were growing up in our humble beginnings. We enjoyed playing with model trains and by doing that we have a passion for model railroading today so, that we can share it with other children and adults alike. As we grew in size we became an integral part of our community. We have formed many partnerships and made many friends along the way."

Jonathan D Wichter
President

Leadership:

President, Webmaster: Jonathan Wichter

Vice President: Paul Baker

Secretary, Advertising: Tom Rookey

Treasure: Bob Shannon

Train Show Coordinator: Ken Rogers

The dates are going to be on our Facebook page under events. If you have any questions give us a call.

Train show offerings:

The Buhl Club usually offers food and drink for a small fee. To help raise money for the different programs that they have to offer.

INFORMATION BROCHURE

About our train society:

We were formed in 2008 as a society wanting to share our love of model railroad trains, particularly to children of 'all ages.' Most of the members enjoyed model railroading during the 1950's playing and learning from these post-war collections which are still running to this day. Each year we offer a holiday model railroading show in December geared toward the family. We have never had an admission charge and the show has always been well-received. The train show is held each year in the Buhl Community Recreation Center, which is held on the second floor in the gymnasium. To see our history you can visit our timeline here:

Our Website:

Here you can interact with members of our club and sign up to get newsletters. This way you can't miss any upcoming news. You can see photos and videos of our train layouts from our past train shows. If you have a question you can click on Facebook Messenger to get ahold of us. View live video feeds on our website from the comfort of your home. Thanks to Virtual Railfan and Railstream. You can shop on our online store to get that perfect gift for that model railfan at heart. View the current catalogs online from model train manufacturers. You can even listen to train dispatch feeds by state. We have an online podcast about railroading thanks to The Roundhouse Podcast. Take a look back by visiting our timeline and see how our train society started to now. **Note: For some content, you need to sign up to be a member of the site to view them.** Go to our site to get started: buhlmodeltrainsociety.com

National Train Day:

It is easy to enjoy model railroading by yourself, but even more fun when the trains become part of a larger social gathering. From parents and children to model train clubs to operating sessions and national conventions, cooperation is essential for both our personal growth and that of the hobby itself. National Train Day is every May and there will be opportunities to get together all across the country. Help inspire others to get on board by sharing a story of what you've done to spread the pleasures of model trains to others, or tell us about the people who fostered your love of trains.

Donate your trains:

Do you have a model train set that is not being used and you would like to donate it? We can help with that. If you are looking to get money for it we only take donations. All donations will be used for our door prizes. For someone who wants to start in the hobby. Just give us a call at (724) 418-2792.

Join our Train Show:

Do you have what it takes to make a portable train layout? Here is your chance to test yourself and show off your creative side and best thing of all you get to show off your layout for the community. Go to our signup page by scanning the QR code and it will bring you to the form for you to fill out.

It is \$10 per spot! If you have two tables one in front of each other. If you need more than one spot that option will be on there. Once we get your info we will call you to ask for the next year's train show. If not we will take you off the list unless you say otherwise. Feel free to save the link for future train shows.

What goes into a train show:

We are offering a model train show to the surrounding area. Not only do we enjoy model railroading but we enjoy working together and learning from each other.

It is a challenge putting on a train show each year because we want a train show geared where we try to gear towards the learning of model railroading and family entertainment.

We are constantly trying to add new members to build on and enhance what we have previously done.

We also try to offer a family outing and a learning experience, without cost, to those who are attending. We consider it an honor to pass on our love of both model railroading and the railroading industry which we are hoping to bring to the next generation.

Note: Please be respectful to our members and make sure you keep an eye on your kids so they do not touch the model train displays. Our train members put a lot of work and money into them to show off to our community.

Monthly Meeting:

Always looking for new people, and new cutting-edge ideas. We encourage you to become a part of our train society. The monthly meeting is on the 4th Monday of every month, at 7 pm at Buhl Community Recreation Center. If you have any questions you can contact:
Jonathan Wichter (724) 418-2792.
